PLEASE ORDER AT THE COUNTER

A little about us

Milkhouse is a relaxed, coastal milkbar serving specialty coffee and simple, fresh food.

All protein and eggs used are free-range and local produce is used where possible.

Please remember that good food takes time and we are not a fast food restaurant - your patience during business periods is really appreciated.

If you have allergies or dietary requirements please let us know. We will do our best to accommodate your needs.

To minimise mistakes and to keep service standards, changes to our menu may be politely declined.

Also, be sure to check out our retail section where you can purchase all kinds of amazing local products.

Thanks + enjoy!
